

Pandemic Practice

Name: _____

Listed below are the names & some information of 9 people that got infected with a new virus. Alan was the last person to get infected. Use the information to answer the questions that follow.

Marcie
-always changing her hair color -has a bad habit of biting her nails -almost got bit by an alligator in the Everglades in Florida back in December -spent a day at Disney World on her way back home to Atlanta, Georgia

Carrie
-doesn't cover her mouth when she coughs -went to college to study amphibians & reptiles -graduated from UCLA in California in December -after graduating, she completed an internship at an Everglades park in Florida

Jessica
-donated 12" of hair to charity back in October -owns 5 dogs, & doesn't always wash them regularly -loves to catch fish & cook them for dinners for her & her boyfriend Max -owns a fishing boat in a popular marina in California

Max
-grew his hair out so he can wear it in a man bun -works at an organic fruit market -went to Disney Land in California in September -enjoys chill nights with his girlfriend Jessica

Jacquelyn
-her boyfriend just went on a "business trip" to MGM Grand Casino Hotel in Detroit -breastfed her children -took her kids to Disney World in December -reuses tissues to save money

Troy
-went to a bachelor party at MGM Grand Casino Hotel Detroit a few weeks ago -takes antibiotics even when he just has the common cold or flu -hates the smell of cheap cologne -refuses to eat raw sushi

Alan
-hates Cheetos -always carries around Bath & Body Works hand sanitizer -stood in line for 5 hours at a GameStop in Detroit, Michigan last Friday to get a new game -thinks Mickey Mouse is overrated

Amanda
-owns a condo on Manhattan Beach in California -buys fresh oranges from her local organic farmer's market -loves guys with long hair & man buns -studies biology at UCLA in California

Kyle
-doesn't always wash his hands after using the bathroom -works at a GameStop in Detroit, Michigan -is getting married in February -had a bachelor party at the MGM Grand Casino Hotel Detroit a few weeks ago

1. There are many facts listed above that could increase a person's chances of getting sick. Color those facts yellow.
2. There are several facts listed above that can help prevent you from getting an infection. Color them green.
3. Figure out who patient zero is (the first human to get infected), then tell me the names of who-infected-who.
4. Sometimes teachers do too much & give you a bunch of unneeded information. Color those unneeded facts blue.
