If color is critical send for actual sample.

## Markerboard and Chalkboard Features

---

### Porcelain Advantages

- Smooth writing and clean erasing
- Unmatched scratch and stain resistance
- 100% non-combustible surface
- Magnetic surface
- Projection-friendly low gloss LCS<sup>3</sup> surface
- Life of the Building Guarantee

### Environmental Features

- GREENGUARD
- GREENGUARD Gold

GREENGUARD and GREENGUARD Gold certifications are product certification programs for low emitting interior building materials, furnishings and finish systems. GREENGUARD Gold certified products undergo rigorous testing and must meet stringent standards for low chemical emissions based on established health standards for use in environments such as schools and healthcare facilities.

- Cradle-to-Cradle™ Silver Certification

Cradle-to-Cradle Silver Certification focuses on the characteristics of sustainable materials, products, and systems. The process places emphasis on the human and ecological health impacts of a product's ingredients, and on the ability of that product to be recycled or composted.

- SCS Indoor Advantage™ Gold Certification

SCS Indoor Advantage Gold Certification ensures individual concentrations of total Volatile Organic Compounds (VOCs) in classrooms and offices do not exceed one-half of the California Office of Environmental Health Hazard Assessment's (OEHHA) defined Chronic Reference Exposure Level (CREL) threshold.

Third-party environmental certification assures customers and end users that products selected support healthy indoor air quality and do not emit harmful chemicals. LCS<sup>3</sup> is non-combustible, gives off no toxic gases and is 99.9% recyclable.

### Cleaning Instructions

Claridge porcelain enamel steel surfaces are guaranteed to withstand the rigors of everyday use. Proper use and maintenance will ensure performance and keep porcelain markerboards and chalkboards looking like new. Visit [www.claridgeproducts.com](http://www.claridgeproducts.com) for complete cleaning and maintenance instructions.

### Writing Surface Warranty

Claridge porcelain enamel steel markerboard and chalkboard writing surfaces offer unsurpassed durability and performance – a lifetime of performance. We are so confident in the quality and dependability of our porcelain surfaces that we **Guarantee** it for the **Life of the Building!**

### Specification

Claridge markerboard and chalkboard surfaces are manufactured in accordance with PEI-1002 Manual and Performance Specifications for Porcelain Enamel Writing Surfaces. The writing surface is made from steel covered on both sides with enamel coatings. Fusion bonded to the steel, the resulting porcelain surface is smooth, durable and abrasion-resistant providing the best dry-erase and chalk surfaces available.
