

**Nelson & Nelson Mfg.**  
2200 Fowler Ave, Suite D  
Jonesboro AR 72401  
870-268-6393 : Cell 219-1019

Installation Instructions

**Model SF3RT-2USB-1**

**12 VOLT ADD-ON 90 DEG PLATE-DUAL USB SOCKET. MOUNTS  
ON RAM MOUNT ARMS.**

**Steps needed to install your 12 volt unit.**

- 1.- This unit installs over the ¼" bolt that is located on the twist knob of a ram mount arm product.
- 2.- remove twist knob and place 12 volt unit over the bolt of the ram mount or run the bolt of the knob through the mount hole. Place the 12 volt socket at ant position that works best with the ram mount arm assuring easy access to the dual USB sockets.
- 3.-Run power wires to a fused power location on your Spyder.

**The Ram Mount Arm above is NOT included shown for install only.**

We thank you for purchasing of our 12 volt power stations products. We know today the needs for 12 volt power for accessories and we have solved that demand with a stylish system that compliments the design of your Spyder!
