ACADEMIC TRANSCRIPTS FROM ALL OTHER SCHOOLS

- You MUST provide official academic transcripts to the ASUMH Admissions Office from ALL other post-secondary (high school) educational institutions you have ever attended, regardless of how long ago and without exception.
- Every applicant for Federal Financial Aid is compared to a federal enrollment database to determine if there are other schools not reported to the ASUMH Admissions.
- Failing to provide the ASUMH Admissions Office with all transcripts from all other schools constitutes FRAUD making you ineligible for Federal Financial Aid until all academic transcripts have been provided.

FINANCIAL AID TITLE IV AUTHORIZATIONS

BACKGROUND

Federal regulations regarding the use of Title IV financial aid funds awarded to students provide that an institution may directly credit Title IV awards to a student's account at the institution to satisfy current charges for tuition and fees. Additionally, students may authorize ASUMH to apply any excess funds to satisfy other outstanding charges beyond tuition and fees, such as book voucher charges for the current and prior award years, or to hold excess balances for future charges.

ASUMH policy requires students to pay or make payment arrangements in accordance with established tuition and fee due dates. In many instances, balances due for students receiving financial aid have been deferred based on the anticipated aid, however, those balances become due and payable to ASUMH immediately upon the disbursement of financial aid awards.

In order to simplify and expedite the payment of outstanding balances to ASUMH, students should authorize ASUMH to directly apply Title IV and other financial aid funds to other outstanding charges which the student owes ASUMH for the current or prior years. To so authorize, we ask that you answer "YES" to the following approval statements.

YES NO		I authorize ASUMH to apply financial aid proceeds to all current charges that are incurred for educationally related activities, including books, supplies, miscellaneous fees, charges and fines.
YES NO		I authorize the University to apply financial aid proceeds to similar prior award year charges that remain outstanding.

Signing this document certifies the statements on both pages of this form are true and correct to the best of my knowledge and that I have read and understand federal aid eligibility and repayment requirements, and the authorizations for Title IV Federal Financial Aid, and indicated my agreement to the authorizations by marking the statements above in the appropriate manner.

REPAYMENT OF AID RECEIVED

Withdrawing from all courses when Federal Financial Aid is received results in a determination of eligibility for the aid. This determination of eligibility, known as Return to Title IV, usually results in a requirement to repay some or all aid a student receives. Simply stopping attendance is also considered withdrawing and also subject to a Return to Title IV determination. This does not include dropping a single class unless it is the only class remaining that a student is enrolled in.

PRIORITY CONSIDERATION DATE

The best way to ensure receipt of a Federal Financial Aid offer before a semester begins is to file the 2019-2020 FAFSA in early spring 2019 and provide all required documentation before the date listed below.
