

Resident Notices:

TRASH

This is a BIG shout out...THANK YOU all for helping keep our trash areas in better condition. Remember, Labor Day is a three-day weekend and the holiday on Monday will throw off the pick-up schedule. If you are a year-round resident and can hold some of your trash back for the pick-up at the end of the week, it would help. I'm going to separate out those items that won't spoil or smell and hold them back...please consider joining me in this effort.

Pool Time

We usually close down the pool after Labor Day but a little bird (Rod) mentioned that due to the extreme heat we will have the pool open a bit longer this year. We will post a note in the clubhouse when we do this and not leave you wondering.

September Coffee Date Change

Traditionally those interested meet in the Clubhouse at 10:00 a.m. on the 1st and 3rd Tuesday morning of each month. New residents, we'd love to have you join this lively and fun group. Due to the 1st Tuesday being one day after the Labor Day weekend, we have moved this month's coffee to the 10th and 24th of the month.

Clubhouse Reservation clarification

At our last coffee many of the residence said they would like to return to the practice of having a special dinner for major holidays. The Clubhouse is big enough that if you want to have a separate family group there, you are welcome to reserve the lower level for your use. Traditionally, Thanksgiving was a big day and it was pretty much unanimous that residents would like to return to this. For this special day of thanks we will have a Thanksgiving dinner at the Clubhouse and we will be coordinating offering rides for those who need them and delivering meals to those who cannot get out. Please let me know if you want to help with either (or both!) of these efforts.

Donations/Food items

We have restocked the Clubhouse supplies. There is a sign-up page in the Clubhouse to list what goodies you'd like to bring and donations toward the clubhouse supplies are always welcome. Everyone agreed they were not comfortable leaving cash in the "jar" so please give donations to Lorrie Tanquary (53 Shoreline Lane), Marcia Peterson (44 Coachlight) and Diana January (107 Shoreline). Of course, you can always bring any donation to an event and give it to us there as well.

Water use

Just a reminder – with the intense heat we've experienced it is tempting to over water our beloved plants. Keep in mind, the best time to do this is in the evenings as it cools down. Watering in the middle of the day will only cause more damage to your plants.
