CLUB UPDATES

The board of directors is pleased to let you know that the club will be replacing the carpet in the grill and a couple of other high-traffic areas. We are also going to entirely replace the existing flooring in the kitchen area.

These improvements will necessitate our dining facility being closed from January 1-6, with plans to reopen on Tuesday, January 7.

With a major remodel such as this which requires every piece of equipment to be disconnected and moved, there is always the chance that this might take longer. We will keep you posted on the progress. While the equipment is removed this will also give our staff a chance to deep clean the kitchen from floor to ceiling including the walls and everything else. The cooking equipment will also be deep cleaned during the renovation.

We appreciate your understanding and look forward to resuming regular service on January 7 or as soon after that as we are able.
