Dear Mr. Embach,

We are writing you this letter to let you know how pleased we are with the entire process with our new condo. We watched ~~at~~ ^{from} the beginning with building of the pad, termite treatment and the pouring of the pad. We watched as the walls went up, the loading of shingles put on the roof, drywallers, painters, cupboards, flooring to the finished product.

We have to say that all the trades people did a top notch job and were very respectful to us each time we stopped.

Your supervisor, Bruce (last name) was very easy to work with. He always took the time to answer our questions and even help with the furnace. It was shut off. We had a good laugh over that. I will tell you that you have a very valuable employee in Bruce.

We are very happy with our new home. We want to thank all your employees and you with the accomplishment that is Leisure Homes.

We realize that this was a huge project with the building of the condos, putting in sewer lines, water and gas lines, streets, sidewalks and curbs. Once again you put up a great neighborhood.

Sincerely,

Steve
