## ***Baby Bottle Drive, 2021***

Participating in the Baby Bottle Drive is a simple and unique opportunity to make a difference in the life of men and woman facing a crisis pregnancy.

Help us share the love of Jesus with these families in our communities.

## ***How Can I Get Involved?***

- **Individuals and Families**

This is an excellent opportunity for individual participation and for parents to teach their children the importance of the Sanctity of Life.

- **Businesses**

Displaying a baby bottle at your business is an outstanding opportunity to bring the Sanctity of Life awareness to our local community.

- **Churches**

Christians know that life is sacred - a gift from God to be respected and protected. Display baby bottles at your church and watch your congregation joyfully participate.
