

Which of your Fall 2020 courses are you assessing?	Describe the proposed change that you will implement	Which of the following education outcomes apply to this change? Check all that apply.	Explain the rationale and provide available data supporting this change.	Will this activity have any impact on the budget?	How will you know if this is successful? What changes do you expect the data to show?
CIS 1106 012025	Implement a web hosting service to remotely access specialized classroom equipment without jeopardizing the integrity of the curriculum.	Students will use technology for academic and personal purposes.	Due to the pandemic, I added a Zoom video component for those students that needed remote access and some lab exercises were not conducive for online.	Yes - this will require an additional expenditure	Students will access the classroom equipment remotely and successfully complete lab exercises and collaborate with classmates located in the classroom and off campus.
HIST2883 502025	Discussion boards	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will communicate in written and verbal forms.	Have greater understanding of and exposure to a variety of issues.	No - this will not result in an expenditure or savings	Greater understanding of issues involved
CIS 1003 302025	Add a few writing assignemnts.	Students will communicate in written and verbal forms.	Students need to know how to communicate clearly in business.	No - this will not result in an expenditure or savings	
HIST2763 012025	To implement a community service project which a written assignment would come from that.	Students will communicate in written and verbal forms.	Writing and verbal forms need to improve and this project/assignment would assist in that.	No - this will not result in an expenditure or savings	Written form as well as verbal communication..
FUS1143502025	Two separate courses will be designed - each one focusing on a core aspect of the ABFSE required Business Law and Funeral Law components.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will communicate in written and verbal forms.	n/a	No - this will not result in an expenditure or savings	Student success on the National Board Exam arts when it comes to Funeral Laws and Regulatory Compliance should increase.
FUS 2262 012025	Improve practice test banks exclusive to Comprehensive Review.	Students will be exposed to diversity issues.Students will use technology for academic and personal purposes.	By having exclusive test questions for the review course, students should be prepared for more diverse questions on the NBE.	No - this will not result in an expenditure or savings	Increase in overall NBE scores - 2% each in Arts and Sciences
FUS 1001 012025 FUS 2001 012025 FUS 2171 012025 FUS 2181L012025	Student grades will be based upon more stringent deadlines for case logs and time logs.	Students will communicate in written and verbal forms.Students will use technology for academic and personal purposes.	Improvements will help eliminate "incomplete" grades and reduce micromanagement needed by instructor.	No - this will not result in an expenditure or savings	Final grades should be completed and ready for entry when the entry period opens.
FUS 2123 012025 Embalming II	Incorporate exercises into each applicable unit which call for students to correct fictional mistakes in fictional embalming case analyses.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will communicate in written and verbal forms.Students will be exposed to diversity issues.	This approach would help consolidate applicable practices and knowledge for both actual practice and the National Board Exam.	No - this will not result in an expenditure or savings	Increase in National Board Exam Embalming domain scores Target improvement - 5%
FUS 2022 012025 RAI	Color theory unit will be changed from lecture to video/demo/project format.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will communicate in written and verbal forms.Students will be exposed to diversity issues.Students will use technology for academic and personal purposes.	New resources have been made available, and course will be consolidated with RA I	No - this will not result in an expenditure or savings	Improved scores on the RA domain of the National Board Exam; target: 5% increase
FUS 1022 012025	Course is being discontinued	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will be exposed to diversity issues.	Course is being discontinued	No - this will not result in an expenditure or savings	Course is being discontinued
CIS 2623 502025	I'd like to add some more quizzes throughout. some students needed more assessments to really learn the material	Students will use technology for academic and personal purposes.	I think that more quizzes throughout the semester will encourage students to retain the material better than just using it for the assignment at hand	No - this will not result in an expenditure or savings	I believe there will be a greater range in the grades students receive.

Which of your Fall 2020 courses are you assessing?	Describe the proposed change that you will implement	Which of the following education outcomes apply to this change? Check all that apply.	Explain the rationale and provide available data supporting this change.	Will this activity have any impact on the budget?	How will you know if this is successful? What changes do you expect the data to show?
ACC200301202S	More hands on with what happens when working in the field of accounting.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will communicate in written and verbal forms.Students will be exposed to diversity issues.Students will use technology for academic and personal purposes.	The students should be able to better explain financials to other users on important data. Show them actual worksheets used in different organizations to better their ability in doing their work.	No - this will not result in an expenditure or savings	If they can explain what the financials or telling the users and be able to communicate their finds, it will be successful.
TECH232401202S	Increase hands-on PLC interface and simulation lab activities	Students will communicate in written and verbal forms.Students will use technology for academic and personal purposes.		Yes - this will require an additional expenditure	
BUS 2513 30202SFUNDAMENTALS OF MARKETING BUS 2563 30202SBUSINESS COMMUNICATIONS	I plan to use TedTalks and other resources for my students to watch and review in Discussion Forums.	Students will communicate in written and verbal forms.Students will use technology for academic and personal purposes.	The richness of the classroom experience will be expanded by having students watch or read supplemental material and comment on the posts and among peers.	No - this will not result in an expenditure or savings	Students will feel that they have had an opportunity to interact with other students more than they do now.
AUTO230315202H	We have found a large database of new lab assignments/activities that will better structure the lab.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will communicate in written and verbal forms.Students will use technology for academic and personal purposes.	Lab ranks high in student desire of learning, and this will better structure the lab experience.	No - this will not result in an expenditure or savings	Student communication, morale, and grades
CRJ 2253 01202S	I have created a crime scene lab that will be used for practical, hands-on assignments.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will use technology for academic and personal purposes.	The student will be able using the same equipment and materials needed to process crime scene.	No - this will not result in an expenditure or savings	By evaluating the practical exercises that students are required to complete.
CRJ 2023 50202S	Update all exams to ensure they cover all learning objectives.	Students will be exposed to diversity issues.	Update test so they are testing students on learning objectives of the course.	No - this will not result in an expenditure or savings	Evaluate the test score to see if they improve because I am covering the information being tested.
Auto101301204T,AUTO101316202H	Lab assignment structure experimentation to find the best results with the largest percentage of students, while leaving more than one applicable option open to cover all student needs.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will communicate in written and verbal forms.Students will use technology for academic and personal purposes.	Some changes have been observed to work well as currently implemented. More options may be needed to appeal to students with different needs and learning styles.	No - this will not result in an expenditure or savings	Through grades, morale, and student communication.
CRJ 2023 50202S	Require the students to complete a research paper relevant to this course and present to the class what they learned.	Students will communicate in written and verbal forms.	Students will prepare a research paper related to the learning objectives of the course.	No - this will not result in an expenditure or savings	Evaluate student participation and quality of the written assignment as well as the presentation.
CRJ 1223 01202S	I had an issue with students attending class in this course.	Students will communicate in written and verbal forms.Students will be exposed to diversity issues.	I will update my syllabus to include an attendance policy and my grading will include attendance.	No - this will not result in an expenditure or savings	See if attendance will improve.
CRJ 1053 50202S	I am going to update the weekly video assignments to ensure they are relevant to the chapters.	Students will communicate in written and verbal forms.	I want to keep the weekly video/written assignments current and relevant.	No - this will not result in an expenditure or savings	By evaluating their written responses and feedback to the revised videos.
CRJ 1023 50202S	Create new and updated exams for this course.	Students will communicate in written and verbal forms.	To ensure that I have updated questions that are related to course learning objectives.	No - this will not result in an expenditure or savings	Student test scores should improve.
ENG 1013 01205T	I will provide shorter assignments with more reading and research.	Students will communicate in written and verbal forms.	Students seem to learn better in smaller chunks.	No - this will not result in an expenditure or savings	Students will successfully complete the assessment measure project.
ENG 1003 01204T ENG 1003 02202S ENG 1003 53202S	Change to more shorter writings that involve reading and research.	Students will communicate in written and verbal forms.	Students simply seem to do better working in smaller chunks.	No - this will not result in an expenditure or savings	I will note the success on the assessment measurement project.
WELD1204L01202S, WELD1234L01202S, WELD1304L01202S	To refine and better apply what, and how I teach the process	Students will use technology for academic and personal purposes.	Na?	No - this will not result in an expenditure or savings	Better grades and more success

Which of your Fall 2020 courses are you assessing?	Describe the proposed change that you will implement	Which of the following education outcomes apply to this change? Check all that apply.	Explain the rationale and provide available data supporting this change.	Will this activity have any impact on the budget?	How will you know if this is successful? What changes do you expect the data to show?
MATH1023 01202S, MATH1023 02202S, MATH1023 03205T	Using more premade lecture videos	Students will use technology for academic and personal purposes.	It will supplement my lecture	No - this will not result in an expenditure or savings	Students communicate with me they used the videos for help.
BUS 2113 01202S	I'm not changing anything.	Students will use technology for academic and personal purposes.	success rate	No - this will not result in an expenditure or savings	Same or higher success rate.
AUTO1023 01204T AUTO1103 01204T AUTO1303 01204T AUTO2103 01205T AUTO2303 01205T	We will continue to develop electrical labs that progressively increase in skill level as students progress.	Students will use technology for academic and personal purposes.	As students progress the skill level should increase. Skill levels will be tested in the lab as well as computer based written exams	No - this will not result in an expenditure or savings	As student skill levels rise the speed of diagnostics should increase also.
ORT 1011 03202S	I plan on using more supplemental material next fall.	Students will communicate in written and verbal forms.	Students seem to perform better when they have supplemental material to support classroom learning.	No - this will not result in an expenditure or savings	Students should exhibit an increase in comprehension.
BIOL1004L01202S	Re-record microlectures; current ones used are a few years old.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.	New recorded lectures via the bells and whistles that ZOOM allows may help students retain information they hear during live and/or F2F lecture periods.	No - this will not result in an expenditure or savings	Word out mouth by students; surveys given to students in class
CIS255330202S	This one works well. Project work and a good textbook.			No - this will not result in an expenditure or savings	
CIS120330202S	Update videos and rework the operating systems assignment.			No - this will not result in an expenditure or savings	
ACC 2113 01202S	I will change the book and complete in-class assignments.	Students will use technology for academic and personal purposes.	Students perform better when working through the problems in the computer lab.	No - this will not result in an expenditure or savings	Student comprehension will be communicated.
CIS102330202S	I've been using Breakout rooms more to get the groups together.	Students will be exposed to diversity issues.Students will use technology for academic and personal purposes.		No - this will not result in an expenditure or savings	Better quality term projects
BIOL2104L30202S	Develop labs that students can complete online utilizing and analyzing provided microscopic images, data, etc..	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will use technology for academic and personal purposes.	Students continue to need various options including F2F, hybrid, and online. This fall we will provide two options for students.	No - this will not result in an expenditure or savings	Students are able to enroll in their delivery of choice.
BIOL2014L02202S	Continue to improve and develop lab activities that can be completed online for students that need to Zoom for class.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.	Students continue to need to be able to complete classes with an option to complete/submit labs online.	No - this will not result in an expenditure or savings	Students will successfully complete and submit labs online.
BIOL2004 50202S, BIOL2004L02202S	continue to improve the online lab activities	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.	At this time students are continuing to need online courses	No - this will not result in an expenditure or savings	Students will demonstrate an understanding of the lab concepts .
ENG 1003 30205T	I am going to have students read a short novel. Several class assignments will be associated with the novel.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will communicate in written and verbal forms.Students will be exposed to diversity issues.Students will use technology for academic and personal purposes.	Students struggle to write in a complex manner. Perhaps reading a well-known novel will help them understand paragraphing, tone, and grammar.	No - this will not result in an expenditure or savings	Students will demonstrate better critical thinking skills AND writing skills.
SOC221302202S	I will implement mandatory attendance which will be tied into the overall grading of the course. This will be done in with the goal of better overall performance by students.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.	Students who regularly attend class are more likely to finish the class with a higher grade.	No - this will not result in an expenditure or savings	I will know if this is successful by higher student attendance, retention, and grades.
CIS 2003 30202S	This is a software/graphic design course and needs to have more projects for students to apply their creativity in working with the software design concepts	Students will use technology for academic and personal purposes.	This is a software/graphic design course and needs to have more projects for students to apply their creativity in working with the software design concepts. Graphic Designers work with the artistic creative process when completing a "real world" project	No - this will not result in an expenditure or savings	increased understanding of the creative process of designing and completing a simulated project that could be for a client in the working world

Which of your Fall 2020 courses are you assessing?	Describe the proposed change that you will implement	Which of the following education outcomes apply to this change? Check all that apply.	Explain the rationale and provide available data supporting this change.	Will this activity have any impact on the budget?	How will you know if this is successful? What changes do you expect the data to show?
CIS 1403 5020S	Add more instructional videos to support step by step assignments when learning new functions in a software program. This will increase the knowledge of the software functions when using to work through a "real world" software problem (that will also use their critical thinking skills)	Students will communicate in written and verbal forms.Students will use technology for academic and personal purposes.	When working through simulated software problems they may face in the working environment, they will have some experience applying critical thinking skills and knowledge of the software functions to apply a solution.	No - this will not result in an expenditure or savings	Improved understanding of how to work through a software problem for a solution.
CIS 2503 5020S	Add more instructional videos to support step by step assignments when learning new functions in a software program	Students will use technology for academic and personal purposes.	Improved quality of the work students complete and submit that includes additional critical thinking skills	No - this will not result in an expenditure or savings	better understand of working through a technical computer software problem in a more independent manner
CIS 1053 30204T, CIS 1053 31205T, CIS 1053 50204T, CIS 1053 53204T	Add more instructional videos to support step by step assignments when learning new functions in a software program	Students will use technology for academic and personal purposes.	Students will be able to have a better visual learning guide with additional tutorial videos to use as they work through a software problem.	No - this will not result in an expenditure or savings	Increased better quality of the work students complete and submit for the assignment grade
EDU 203301202S, EDU203302202S	I am changing the textbook and assignments.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will communicate in written and verbal forms.Students will be exposed to diversity issues.Students will use technology for academic and personal purposes.	I am changing the textbook to the textbook being used for this course on ASU campus.	No - this will not result in an expenditure or savings	Updating new data and laws to reflect the changes in education.
LPN 1713 01202S	Incorporate virtual clinical case studies	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will communicate in written and verbal forms.Students will be exposed to diversity issues.Students will use technology for academic and personal purposes.	Enhances clinical critical thinking	No - this will not result in an expenditure or savings	Increase test scores
LPN 1603 40205T	Add attendance points.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will communicate in written and verbal forms.Students will be exposed to diversity issues.Students will use technology for academic and personal purposes.	Students need to understand the importance of attending class during COVID, online courses, and hybrid. Deducting attendance points may encourage the student to attend class as required if it possibly impacts their grade.	No - this will not result in an expenditure or savings	Increase class attendance
LPN 1402 01202S	More student collaboration and hands during the class experiences	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.Students will communicate in written and verbal forms.Students will be exposed to diversity issues.Students will use technology for academic and personal purposes.	Students take a vark analysis during the first 10 days of the course. The results are the indicators for the change.	No - this will not result in an expenditure or savings	Increased critical thinking skills and judgment. Enhanced clinical skills for patient care throughout the life span (applying what they know).
LPN 1305L01202S	Incorporate remediation after each chapter test.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.	To enhance knowledge of subject matter and to better prepare the student for NCLEX testing.	No - this will not result in an expenditure or savings	Better test scores for chapter tests and Hesi exams
BIOL2004L01202S	Will be updating a few worksheets so they are easier to complete in an online environment while making instructions more clear.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.	Some worksheets are difficult to complete in an online environment, I am changing the types of questions but keeping the concepts in tact.	No - this will not result in an expenditure or savings	Students will be more likely to complete those portions of the worksheets.

Which of your Fall 2020 courses are you assessing?	Describe the proposed change that you will implement	Which of the following education outcomes apply to this change? Check all that apply.	Explain the rationale and provide available data supporting this change.	Will this activity have any impact on the budget?	How will you know if this is successful? What changes do you expect the data to show?
BIOL2104L01202S	Change the policy so that students will only have access to assignments if they attend class	Students will learn basic skills in English/communications, mathematics, social science, and the sciences.	Due to COVID this class was taught as online and seated at the same time. Next semester I want to make sure that is a truly hybrid course and that they must attend class at least once a week. I will only make assignments available to those that attend class.	No - this will not result in an expenditure or savings	Students who did not attend class had poorer grades overall this semester compared to those that did come to class.
BIOL1024L01202S BIOL1024L30202S	Class Materials - The lab book is expensive for the students and the textbook contains the same and better explained information. I will keep the lab activities and write my own instructions for those rather than using the lab book. Classroom policy is changing due to COVID. This semester students had access to all assignments whether they attended class or not. Due to an online section being available, for the hybrid section I will only make assignments available to those that attend class.	Students will learn basic skills in English/communications, mathematics, social science, and the sciences. Students will use technology for academic and personal purposes.	This semester I made the lab book optional and most students did not purchase it. Due to that, I noticed all students were using the textbook each class period rather than just occasional use by about 10% compared to Spring 2020. Attendance policy - I had very poor attendance this semester and those that did not attend class did very poorly in the class. I want to prevent that next semester by requiring attendance in order to have access to assignments in my hybrid courses	No - this will not result in an expenditure or savings	Getting rid of the lab book - I expect to see more textbooks in class than previously Attendance policy - I expect to see more students in class (either seated or via zoom)
Maternity/Pediatrics 150201202S	Have more case study group work, study guide in groups and perhaps take home tests for more class time	Students will communicate in written and verbal forms. Students will be exposed to diversity issues.	Learning is expanded with diverse modalities	No - this will not result in an expenditure or savings	Student survey, retention, engagement
