- I. Approval of prior meeting's minutes –  
*Minutes were approved*

### II. Old Business:

- A. Open Forum feedback – *First one for this team went well. The only pressing issue or concern was in regards to part-time employee bonuses. (outcome – our part time staff received a small bonus)*
- B. Proofreading of Constitution re-write – ongoing

### III. New Business

- A. Spring semester Open Forum – Suggested that this event be held in the month of April after spring break and midterms. Also suggested that this event be done in two parts with one part including all staff while management sits out and the second part to include all personnel. Plans are to speak with one or two Vice Chancellors to ask for some advice on how to best approach this suggested open forum plan
- B. Burning issues? – Seems to be very eerily quiet around these parts, it may have to do with us all being involved one way or another in Banner processes. Morale may need to be given a booster shot.

### IV. 21-22 minutes for website – ongoing

Meeting adjourned at 9:51 AM

### V. Next Meeting – February 10, 2023 @ 9:30
