Program Overview

Join us this summer for the 4th Annual Warrior Summer Camp. Our activities this summer will be STEAM(Science, Technology, Engineering, Art/Design, and Math) based. We are looking forward to a great summer program. Hope to see you there!

Week 1: Science Week -activities will be science based with an integration of all content areas.

Week 2: Math/Science Week-activities will focus on measurement incorporating science and math.

Week 3: Art/Technology/Design-activities will focus on art and design.

Week 4: Engineering/Math-activities will incorporate all areas with an emphasis on design and build.

Registration:

Please send the information form back by Thursday, May 11th so classes can be appropriately formed.
