1. Discussion of proposed AI policy submitted from Academic Affairs. Faculty Senate recommends that the policy be merged with the current Academic Dishonesty Policy in the syllabus for consistency. The following is the recommendation which includes the current policy and the proposed policy (in bold and highlighted yellow): Dishonesty in any form, including but not limited to plagiarism, submitting assignments prepared by others, **unauthorized use of Generative Artificial Intelligence (AI), such as ChatGPT**, unauthorized possession of exams, or using unauthorized materials during exams, may result in the student being withdrawn from the class with a failing grade or being suspended from the university. For further information, refer to the ASUMH Catalog and Student Handbook. Kellie made a motion to approve this recommendation, Cindy seconded the motion and it's carried. This recommendation will be sent back to Academic Affairs for further review.
