Staff Open Forum discussion. Consensus was that an email soliciting questions would be sufficient in place of holding a meeting prior to the Open Forum.

New Business

One Proposal passed Academic Affairs.
    The Online Workgroup proposed clarifying appropriate use of Artificial Intelligence (AI) such as Chat GPT. Faculty Senate had reviewed and recommended inserting into current plagiarism language. Staff Senate passed proposal as amended.

Discussion on holding regular meetings in Summer vs. on an "as needed" basis. Going with "as needed".
