

THE ASSOCIATE OF APPLIED SCIENCE (A.A.S.)

The Associate of Applied Science Degree is designed for employment purposes, and it should not be assumed that the degree or the courses in the degree can be transferred to another institution. While a few institutions have recently begun to accept some courses in A.A.S. programs, the general rule is that courses in the A.A.S. degree are not accepted in transfer toward bachelor's degrees. Students to whom transfer is important should get assurance in writing in advance from the institution to which they wish to transfer and be aware that they may be required to complete additional lower-division courses to meet specified prerequisite course requirements for their chosen baccalaureate degree program upon Arkansas public university transfer.

ATTENTION STUDENTS: PLEASE SEE CURRENT CATALOG FOR ALL FEES AND CHARGES ASSOCIATED WITH THIS DEGREE.

DEGREE PLAN ASSOCIATE OF APPLIED SCIENCE IN REGISTERED NURSING (TRADITIONAL) Degree Code: 0710: CIP Code: 51.3801

The Associate of Applied Science in Nursing (AASN) graduate is prepared to provide and manage direct care to individuals with common well-defined problems. The AASN graduate functions as a team member using nursing diagnoses and established protocols for individuals in acute care and community-based settings.

Students applying for entrance to the Registered Nursing program must meet the standards and requirements for admission to ASUMH prior to completing the required program application.

All prerequisite general education courses must be completed with a grade of "C" or better. All general education prerequisites must be completed prior to the student's entry into the program.

Note: All RN courses have an additional \$100 per credit hour fee.

The Arkansas State Board of Nursing (ASBN) requires a criminal background check for all graduates applying for licensure. Graduating from a nursing program does not assure ASBN's approval to take the licensure examination. Eligibility to take the licensure examination is dependent on meeting standards in the ASBN Nurse Practice Act and Rules. Students will be required to sign a statement, before beginning the nursing program, that states they have read and understood ACA §17-87-312 and the specific offenses which, if pleaded guilty, nolo contendere, or found guilty of will make an individual ineligible to receive or hold a license in Arkansas.

- Please review the following link pertaining to Criminal Background Checks: https://static.visionamp.co/rubix/20200615/cbc-68325.pdf
- Please review the following link pertaining to Licensing restrictions based on criminal records: https://static.visionamp.co/rubix/20200615/cbcact990of2019-57527.pdf

Student Learning Outcomes for Registered Nursing Program

- 1. Apply clinical judgment skills to deliver safe nursing care.
- 2. Implement a prescribed plan of care by utilizing knowledge of evidence based practice.
- 3. Demonstrate professional nursing identity through guided reflection of nursing care.
- 4. Demonstrate effective therapeutic communication.
- 5. Evaluate advocacy skills for patients and family.

Students completing the general education core at ASUMH will have demonstrated a proficiency in the following skills:

- 6. Applies the principles of math and science appropriate to the field of study.
- 7. Composition and Oral Communication.
- 8. Evaluate diverse perspectives and cultures.
- D. Utilization of technology appropriate to degree or field of study.
