## TAKE YOUR CHOICE... 60' OR 50' HOUSEBOAT

No experience whatsoever is necessary to fully enjoy your 60' or 50' houseboat. Our custom designed boats are equipped to be commanded by even the most landlocked of "landlubbers". However, we provide at no extra charge a shakedown cruise and full instructions on the simple operative procedures and the use of the many on-board conveniences.

We strongly urge you to bring another family with you on your houseboat trip. Not only will you save by sharing expenses, but it's just more fun! Now, compare the cost of houseboating and the fun of houseboating with just about any other type of vacation, and you will see that you can enjoy the vacation of your life in a truly economical way! CLEAN WATER, CLEAR AIR, and NO MOSQUITO PROBLEM.

### CHARTER POLICIES

- Reservations**
  - A non-refundable deposit of \$500 per 50' and \$1000 per 60' houseboat per charter period is required to reserve the houseboat of your choice. You will receive confirmation upon receipt of deposit.
  - Deposit must be paid at time of booking. Unless other arrangements have been made.
  - VISA/MASTERCARD/AMEX, personal checks, travelers checks will be accepted for deposit.
- Payment of Charter Fee - Damage Deposit**
  - The total charter fee is payable in full prior to boarding the houseboat.
  - A valid credit card (not a debit or check card) must be presented for a security deposit. **We reserve the right to charge said card for any and all charges, damages, and missing equipment at any time.** By signing the rental agreement you are agreeing to this statement.
  - Prior to departure you will be required to sign a houseboat charter agreement making you responsible for loss or damage to the boat while under your operation.
- Departure**
  - You will be given a check-out cruise prior to your departure to acquaint you with the operation of the boat.
  - Your houseboat will be ready for boarding **some**time between 12:00 p.m. and 5:00/6:00 p.m. or as soon as our staff and maids have completed their work. You can arrive as early as you want to on departure day but **BE PREPARED TO WAIT** until your boat is ready.

If you get on it earlier than expected then think of it as a bonus. Most of the houseboats are returning the same morning you are scheduled to depart. It takes some time to clean and check these boats. You and your party may have to wait for your houseboat to be ready. The best thing to do would be to call us and see when your boat might be available. **THANK YOU.**

#### 4. Late Departure After 5:00 p.m.

- All houseboats must be out of the harbor at least one hour before dark to give you sufficient time to find a cove and tie up for the night. Late arrivals will spend the night on a sea anchor or at the marina for your safety.

### THINGS YOU SHOULD KNOW

- **SAVE TIME!!! See website for LIABILITY FORMS to fill out prior to arrival!**
- Gasoline for operation of engines or generator is NOT included in quoted rates. All tanks are full at departure time and refilled on return. You pay only for fuel used.
- A charge of \$100.00 per hour is assessed for late return of houseboat.
- **There is a \$50.00 extra charge for pets on 50 foot only. NO PETS ON 60' BOAT! AN AUTOMATIC MINIMUM OF \$125 TO \$500 WILL BE CHARGED TO YOU IF YOU BRING A PET ON BOARD A 60 FOOT HOUSEBOAT.**
- You must provide your own life jacket for children 12 and under.
- **Refunds will not be made on boats returned early.**
- To avoid misunderstanding concerning breakdowns, accidents, or inclement weather, or loss of cruising time, we call your attention to the following policy: We check all mechanical equipment prior to your departure. You need not accept your boat until you are satisfied with your boat and equipment. However, once upon the lake, you alone are responsible for its operation. **Under these circumstances we cannot be responsible for any loss of cruising time due to: mechanical failure, weather, collision, or other physical mishaps, illness or personal accidents.**
- **One More Night Option** - subject to availability. Our schedule sometimes allows us to permit some of our guests to board the houseboat the evening prior to their departure. **THIS SERVICE IS AVAILABLE FOR A LIMITED NUMBER OF HOUSEBOATS AND WILL COST AN ADDITIONAL \$125.00.**
- ★ **BOATS MUST BE RETURNED CLEAN AND WITH ALL FOOD REMOVED!!** ★
- **\$500 Dirty boat charge**

## INSURANCE... Our insurance covers us! Your insurance covers you!

There is no boat rental insurance policy offered by any insurance company. It's not like renting a car where you can get insurance. It is just not possible. You can check with your homeowners and see if it qualifies. Therefore you are responsible for damages to the houseboat due to negligence, such as damaged props, lower units, out-drives due to hitting the bottom and not tying to shoreline properly. You are also responsible for broken windows, holes in pontoons, broken rails, etc. However, we will not hold you responsible for damages due to normal wear. In addition, mechanical items can and do break due to extended use, and you will not be charged for such occurrences.

## FISHING INFORMATION ON BULL SHOALS LAKE

Fishing in the Bull Shoals area is good year 'round in one way or another. Because of our location we are only minutes away from prime fishing on either Bull Shoals Lake or the world famous White River.

Whether your preference be bass, crappie, walleye, white bass, trout, panfish, or all of the above, at some time of the year we can accommodate you, your friends, and family. If on your stay, catching on the lake slows down, you can always modify your plans to fish for trout on the White River or, if you have come to fish the White River for trout and would like to try something different, may we suggest a fishing trip for bass on the lake?

A suggestion we make to all of our customers is: when coming here for the first time, forget everything you have ever learned about fishing. Truly, fishing the crystal clear waters of the Ozark Mountains is unique to this area alone. We recommend for river fishing an ultra light to a medium-action rod and reel, 4 to 6 lb. line maximum. For the lake, light to medium heavy with 6 to 10 lbs. test is best. Better yet, just bring one light and one medium action combination. As far as line and tackle, why not just wait until you are here since conditions may change overnight. The friendly staff and guides at the boat dock will be happy to advise you on the right line test and the best choice of bait when you arrive.

Whether you are a beginner, a weekend fisherman, or an expert, your fishing vacation in Bull Shoals can provide a lot of fun and memories you will not soon forget.

One more tip...we would like to suggest that you take a guided fishing trip, either on the lake or White River, or both, when you first get here. The education you will receive about fishing in the Ozarks will be well worth the investment.

### GUIDE TRIPS AVAILABLE ON THE WHITE RIVER

#### WHITE RIVER FLOAT FISHING TRIPS

A float trip on the famous, crystal clear White River for lunker trout offers the utmost in fishing enjoyment plus beautiful, unforgettable scenery. Catches of rainbow and brown trout are more or less commonplace throughout the year. Our top-rated guides are thoroughly experienced and careful. Our equipment is modern and complete, and our Jon boats are built for safety and comfort. They carry a maximum of three fishermen and guide depending on weight. **Included in our flat rate charge: bait, hooks, nets, anchor, ice, paddles, coolers (includes box lunch, fish cleaned and plastic bagged), sinkers, leader line, corn, soda pop, swivel chairs, and cushions.**

**NOT INCLUDED: License, Trout Stamp, Rod and Reel, Cookout**
