

## Getting Started with Research

- Excelsior Online Writing Lab: <https://owl.excelsior.edu/>
  - Includes information on the research process, evaluating sources, creating annotated bibliographies, citing sources, and more
- Advanced Searching Techniques
  - [Guide on Using Boolean and Phrase Searching](#) from Bridgewater College
  - Using these techniques can focus your search and yield more useful results

For the resources listed below, an \* means they are paid subscriptions provided by ASUMH; you will need to login with the student ID number for off campus access

## Physics-specific Resources

- [Infobase Science Online](#) \*
- [ProQuest Science Database and STEM Database](#) \*
- [Science.gov](#) (includes NASA and Nat Inst Standards & Technology)
- [ArXiv](#) (pre-print articles and papers)
- Use the [ASUMH eJournal Portal](#) to find specific journals \*

## General Research Resources

- [ProQuest](#) \*
- [EBSCO eBook Collection](#) \*
- [Academic Video Online](#) (there are some physics-related videos that might be useful here) \*
- [JSTOR](#) \*
- [DOAJ](#)
