

Reading Dragons & Friends Program at Pope County Library

An all-ages program to encourage reading throughout the year. Earn new cards as you read.

- Each month, you can earn up to four different creature card sets.
- There will be a special seasonal card available each month.
- You also have the opportunity to earn one special Color Your Own (CYO) card each month by telling a librarian about your favorite thing you read that month. They will initial on the CYO tracker.
- In May, you can submit your CYO cards to be voted on during the 2026 Summer Reading program. The top cards for each creature category will be added to the online card collection as the PCLS 2026 cards.

Do you love collecting rare and one-of-a-kind cards? Look out for special events and programs throughout the year that come with exclusive or limited-time cards.
