

# JOIN THE CAMPAIGN

In celebration of our 30th anniversary, we invite you to join this campaign in one of three ways:

## **Anniversary Leadership Circle:**

Make a one-time gift of \$30,000 or a three-year pledge of \$10,000 per year.

## **Anniversary Partner:**

Make a one-time gift of \$3,000 or a three-year commitment of \$83.33 per month.

## **Anniversary Friend:**

Make a one-time gift of \$360 or a one-year commitment of \$30 per month.

Every gift at every level strengthens lasting support for the faculty and staff who transform lives and fuel economic vitality in our region.

Your 30th Anniversary gift ensures that ASUMH will remain a powerful engine of hope and innovation for the next 30 years and beyond.

## **To Donate:**

**Dr. Bentley Wallace**

*Chancellor*

870.508.6120

# UNLOCKING THE FUTURE

FUNDING THE NEXT 10 YEARS

As we celebrate the first **30 years of ASUMH's impact** on the region, we embark on an ambitious fundraising campaign to secure the resources that will propel us into the **next 10 years**, ensuring that we continue to meet the learning needs of our communities.

# FUND A BOLD INITIATIVE

Gifts to the campaign will secure the next generation of innovation at ASUMH through Innovation & Excellence Funds in one of the following five centers of excellence:

- **Health Care**
- **Manufacturing & Trades**
- **Education**
- **Computer Information Systems**
- **Arts & Sciences**

These investments will help ensure that ASUMH faculty and staff—the heart of our mission—have the tools, resources, and support they need to lead transformative teaching, launch new initiatives, and drive community-responsive programs for years to come.

## \$2.5 MILLION

Our Goal is *Ambitious*

Our Goal is *More than a Number*

## Our goal is to secure reliable funding going forward for:

### **Innovation & Excellence Grants:**

Seed funding for new teaching ideas, classroom enhancements, program modernization, and high-impact learning experiences.

### **Program Development & Enhancement:**

Support for faculty and staff leadership in cutting-edge program development, curriculum redesign, skill-based learning, and industry alignment.

### **Investing in our People:**

Offsetting institutional costs so ASUMH can reinvest in its most important asset – the people who make all of this happen.
